## FOREWORD

To all who have weakened so far as to part with the price of this, the fifth volume, and have lived through the previous pages to this point

## GREETINGS

The Juniors, in issuing this Book, have sketched for you the school year 1918-19 just as it has come to their notice. Just what you are they have tried to prove, just what you did they have attempted to portray. If their book pleases you, they have not worked in vain; if it does not, remember, they did their best, and they make no apology.

## W. C. T. U. CELEBRATES

### Pres. Onstad Celebrates With a Banquet.

June 5, 1940.—Pres. Gordon Onstad, of the "Won't Cigarettes Terminate 'U'" League recently entertained the members of the league with a banquet in honor of the great victory won over The Camel Club and the Fatima Smoke Circle in abolishing tailor-made cigarettes.

Miss Claire Mojonnier, representatrix to Washington, D. C., from this state, delivered a speech commending Pres. Onstad for his noble work and predicted that the next Woman's Congress would abolish home-made corn silk pills. This league has been in existence ever since 1920 and has been laboring since then for the betterment of man-kind and woman-kind.

Miss Mojonnier stated that she had received notice from Miss Carol Beebe, manageress of the Smithsonian Institute that the institute has purchased a package of every kind of cigarette for exhibition purposes for the future generations. Owing to the vigilance of the revenue officers cigarettes are scarce and these few were obtained at a price of \$7.00 each, from H. W. Jones, who had confiscated some from the Girls' Reserve of the W. W. H. S. in 1919.

Misses Mary Boylan and Helen Moulton have retired from their place of business to the Natatorium for the summer. There is a rumor that the young ladies will not take up their lucrative work again but will be enticed by Cupid into the snares of matrimony.

### Later Bulletin Notice

Hal Holmes' sentence was pronounced "Shot at ———." Later yet, "Missed."

IN MEMORIAM OF H. S. DAYS

## AGAIN FOUND WANDERING

### Young Lady's Insanity Becoming More Evident.

May 31, 1940.—Mantissa Whitehouse, the beloved and only daughter of S. P. R. Whitehouse, editor of the "Sunset," was again proved to be afflicted with mental incapacity when she attempted to drive her "Swan-Son" Burch flying canoe through the basement windows of the Schmidt building.

Miss Whitehouse became thus incapacitated at the High Cost of Loving Parade in an altitude contest when her machine became stalled in the thin air of the high altitude causing her to have a case of light-headedness.

The girl in this pitiful state is now being confined in the laboratory of her father's log-cosine on the corner of Secant and Hoovel Lanes.

### Fussers' Union Meeting (Constitution Revised)

June 4, 1940.—Article 1. Sec. 1.—"The purpose of the organization is to be hereby designated as 'Longer Hours - More Pay.' This section was amended by notice of D. Pfeiffer with second of 'Smoke House' Miller that it be amended

to read—"Longer hours, more pay and less Rifle's Rouge." A resolution was sent to Congress through Senator Greenville to further the prohibition of the vile, sickening substance, by the pure food and drugs commission.

## "SUNSET" FILES SUIT

### "Nuisance" Brought in Jeopardy of the Law.

June 1, 1940.—Charged with blackmail, Madame Dorothy Brown, editress of the daily "I. M. A. Nuisance" was haled into court this morning by Sheriff Yates. Editor Whitehouse, of the "Sunset," the plaintiff, asserts that Madame Brown made seditious remarks against the pure name of Whitehouse. The defendant states that Whitehouse's daughter Mantissa has frequent lapses from sanity and that these lapses are hereditary. The defendant claims that her statement can be proven and that Editor Whitehouse has long exhibited a mercenary jealousy in regard to the prosperity of her periodical.

The jury is still in a chaotic confusion and is unable at this time to come to a satisfactory conclusion upon so delicate a matter.

## BOLSHEVIK ON TRIAL FOR ANARCHY

### Hal Holmes of High School Fame Waves the Red Flag.

### Trial Held at Once Before Chief Justice.

June 6, 1940.—(By Associated Press)—Hal Holmes, chief bigamist and red flag waver of the Bolsheviks, who for a long time has had his hat in the ring of such anarchistic organizations as the Fussers' Union and the Sausage Grinder's Orchestra, was apprehended by the local police at Honolulu, Washington. He was returned on the Wheelbarrow Limited under the protection of Lieut. Col. Van Slim Hunter's Brigade of high school cadets and eagerly put into custody by the Right Honorable Sheriff Yates.

Ignoble Holmes' trial will be held later in the day at high noon in the ante-room of the Y. W. C. A., Chief Justice Ivan Matthews officiating. It is a fore-gone conclusion that the honorable crook will be sentenced to give an oration on the constitution of the Tariffless Three at the next meeting of Madame Harman's dancing class. However, he may be given a lighter sentence and be ordered to be shot.

### SOCIETY

Society Editor  
Miss Gertrude Fehmer

At high noon on Wednesday last, the lovely Woyd Leir was united in marriage to Miss Lucile Ingram, by the Rev. Frank Hunt, pastor of the Holy Rollers. The groom was attended by Mr. Lloyd Greenville, the senator from Lowden; the head rusher was Mr. Fred Darst, the famous anaesthetic dancing teacher from Touchet; while the "worst" man was Mr. Bill Kirkman, hash slinger at the Noodle Grill, whose ad will appear in another issue.

The bridesmaids were Mrs. Iverson-Smith and Miss Lucile Taylor, president of the Anti-Marriage society. The bridegroom was attired in green chiffon coveralls and wore a corsage bouquet of pussy willows. The bride wore the conventional white with customary mourning trimmings.

The young couple entered the room from the front hall to the famous wedding march, "Pack Up Your Troubles in Your Old Kit Bag" played by the imported organist, Fredericka-Jazz Boy-Wilsonski.

Dainty refreshments of soft mush with Bevo sauce were served by head waiter, Virgil Thomas, who is spending his summer vacation here after an extensive exploration trip into the unknown wilds of Cottonwood.

Miss Hope Summers, head of the Spiritualist organization located in the Bee Hive Store, poured.

After an extensive trip in their yacht on Lakem Duckem, they will be at home in their apartments over the Donald Wike Dancing Pavilion.

Mr. and Mrs. Leon Jensen, managers of the new skating rink entertained a party of friends at croquet at their home near the Fair Grounds, last evening. Those present were Madame Lanning-Vanderbilt, the talented chiropodist; Mr. Owen Thomas, ex-mayor of Wallula; Miss

Florence Buchanan, teacher of Dist. No. 9; Mr. William Hoovel, ladies' tailor in Milton; Miss Minnie Bryan, leading lady for Essanay; and Prof. George Schreiner of the chair of engineering at Mass. Tech.

Refreshments of fried ergs and croquette dynes with kilowatt sauce were served.

\*\*\*  
The "Red Book" Club will assemble at Miss Helen Guse's home on Alvarado Terrace next Wednesday. A tender reading from "That's Me All Over, Mable," will be rendered by Mr. Carl Corkrum, owner of the shoe-string factory at the corner of Alder and Main Streets. Miss Guse is a single lady and lives on an income from her new ranch in Eureka.

\*\*\*  
We take great pleasure in announcing the long-delayed engagement of the ever-hopeful Miss Jewel Clement, who has been on a circus circuit for the past twenty years.

### Recital Near at Hand

(b)—"Tell Me the Old, Old Story" by "Young" Minadall Stetson.

(g)—"I'm Too Tired

to Make Love" by Coach Josephus Bond.

(h)—"Mother, Here's Your Boy" by Mr. Walter Mueller, snare drum performer in the Waitsburg Sympathy orchestra.

Eleanor Brown will move back to Walla Walla from New York City. She has been the secretary of the Commercial Club in her late residence and will assume the same duties here.

Mr. Thomas Gose has accepted a position as instructor in Hog-Latin at the cold storage plant. He is well prepared for his work as he has studied since his graduation on the subject of Latin roots and has traveled widely in Southeastern Washington.

Prof. Collis Bryan, of Spearmint University, was arrested last night on a charge of having too much Bevo in his possession. He put up \$25c bail and his case will be tried at the next meeting of the Grand Jury.

The fire department was called out yesterday to the bachelor-maid apartments of the Misses Swanson, Fix, and Surbeck to extinguish a blaze. Fire Chief Merklin stated that he was unable to name authoritatively the cause of the blaze but said that the young ladies herein mentioned showed great bravery in time of danger. These ladies are all cloak models in the Bowen Emporium, located at the corner of Alder and Poplar streets.

## EDITORIAL The Decline of Student Assemblies

It was recently called to our attention that the student assemblies of the Walla Walla High School have been steadily declining as to quality. This should be checked immediately by the faculty. We hear that one student even went so far as to crack a joke on the platform in front of the entire student body. When WE graduated in 1919 the class assemblies given before the student body consisted mainly of dramatic readings and classical music, no humor whatever being permitted.

But it was always thus; the younger generation does things which were not thought of in our time. But there will be a change yet. These young and thoughtless students will run the thing into the ground and the public will rise and express an opinion. Watch for events carefully for the plot thickens fast and a revolution is at hand.

## FORUM

Hon. Editor:

It was called to my attention lately that the local high school is holding two dances a year. This is just three and a half too many in my estimation. Not long ago I attended a high school dance held in the gymnasium of the local school and was astonished by the daring vulgarity of the students. One impetuous youth even went so far as to put his arm around a girl in the middle of a dance and even held her hand. It is my opinion that this should be put to a stop immediately. If not sooner as this form of calisthenics is very degrading to the morals and attracts young students from their studies. They can never experience the joys and pleasures to be found in hard study as long as they keep their minds on such frivolous subjects.

Yours for a reform,  
Rev. Harold Hawkins,  
B. V. D.

Pastor of the M. E.  
African Church.

Mr. and Mrs. Claude Robinson returned today from an extensive trip to LaCrosse. Mr. Robinson is the newly elected vice president of the Anti-Soda Pop League.

Gladys Harman will give an exhibition of antiseptic dancing in the Donald Wike Pavilion at an early date. One of her most promising pupils will be present, Miss Celesta McKenzie who will appear in a solo performance.

Miss Elizabeth Blahm, chief of the "Pussy Foot" detective service of Dixie was in the city Tuesday on business.

## BUSINESS NOTICE

### Closed for the Vacation

We have discontinued for the summer months our pursuit of business at our old establishment in the south end of the high school building.

Our excessive profits realized in the last ten years from the sale of peanuts, pop corn, chewing gum and candy makes it unnecessary to carry on business any longer this season.

We hope that no students will starve to death during the summer.

Yours for a bigger business next year.

Mesdames  
Boylan & Moulton

## TEACHER HIRED VACANCY FILLED

Miss Lourene Johnson has been elected at a sumptuous salary to teach millinery in the local schools for the coming year. Miss Johnson has already met with great success in her work in Bingville, where she has been in business for the last fifteen years. Miss Hankins, president of the local school board, is quoted as having said that Miss Johnson was a class mate of hers during the great European war and that the school system is fortunate in having obtained such a treasure.

Mr. Eugene McFadden, the lady hair dresser from Pasco, was arrested recently by Chief of Police Robert Cochran on a charge of having applied an acid which has ruined forever the raven hue of Mr. Bilius Berreman's hair. Mr. Berreman, who is the owner of a frog farm and garlic ranch near the fire station, alleges that his hair was always the joy and pride of his wife's life and that now Mr. McFadden will be the cause of her looking at him with less admiration.

Mrs. Pederson-Astor will spend her summer vacation at her home in the suburbs of Walla Walla.

## CITY BRIEFS

Walla Walla experienced quite a sensation Wednesday when Miss Ruth Adams of international fame as a orator perched on a soap box in front of the Albert Miller Smoke House and attracted a large crowd by her eloquent appeals for the new woman candidate for president of the United States. Mr. Miller was very enthusiastic in his praise of the oration and expressed himself as determined to vote for the Woman's Ticket at the fall election.

A happy automobile party drove to College Place last Saturday in the new Fordson touring car recently purchased by Miss Verna Hull, ticket seller at the Strand theatre. Among those who went was Miss A. L. Elliott, demonstrator and living example of an anti-fat cereal which has brought great fame and money to its inventor and concoctor, Miss Faybelle Bryan.

Lloyd Ingle, graduate of the class of 1935 of the W. W. H. S., left last night for Fort Leavenworth to attend the naval school recently established there.

Hon. Wm. Hoovel will depart soon on a submarine tour to Siberia on a wild chicken hunt. A corps of worthy assistants will accompany him to make motion pictures of his exploits and conquests.

Messrs. Hooper and Starr, palmists and mind readers, and Whitman Frat men, will arrive in this city tomorrow from an extended trip over Oregon. These gentlemen are very efficient in their line and will reveal one's whole future at a very low price. Their booth will be located opposite the O. W. station.

## MODERN HOMER DISCOVERED

Mr. Glenn Fa Galde, a graduate of Wa-Hi,

has recently been appointed poet-laureate of Ferguson's Fish Market. Mr. Fa Galde attributes his success to the encouragement given him by the Eh Kah Nam which printed so many of his early effusions. His poem "Jumbo Jack" which appeared in the said paper of 1918 has been reprinted in the "The Blue Book," the magazine which has the honor of discovering our budding poet.

HERE WE ARE AGAIN

FOOTBALL SQUAD

# Athletics

## FOOTBALL

The football season of 1918 found Walla Walla ready for any emergency that might arise on the gridiron.

It is true that we had but two old men back from the champion team of 1917 but there were many who had had enough previous experience in the game to round out the team.

In this bunch were the speed, weight and pep that would have brought old Wa-Hi another belt of scalps. We had a good schedule arranged but owing to the "flu" rampage we were able to play only one game, the score being Walla Walla 13, Colfax 0.

The men who were out for practice were Capt. Booker, G. Perry, Fred Corkrum, Ralph Corkrum, Hughes, Burks, Hackett, Schroeder, H. Perry, Cameron, Farmer, Metcalf, Greenville, Peterson, Carl Corkrum, Ralph Richmond, Roe, Young, Rae, Nelms, Smith, Isaacs, Lambert, Meyer, McInroe, Ingram, Hoffman, Dick Baxter, Matthews, Pfeiffer, Bowers, Tetherow, and Davin.

We will lose about ten or eleven of these men by graduation but there are several new men coming in who will readily fill their places.

The average weight for next year's squad will be between 160 and 165 pounds, and we are coming back with the old fight and determination to stop all foes of the Blue and White.

Last but by no means the least is our coach, Mr. Bohler. At the first football meeting last fall he said that he had a hard time deciding which one of the several offers to accept. He finally decided to come here because of the large resourse of material, both in quantity and quality.

Owing to the "flu" ban he could not show his coaching ability, but we believe that he could have developed a regular Wa-Hi squad which would have upheld the traditions handed down to us.

Bill Chandler was taken out of a guard position and put into the gap at center but he was the same consistent point-getter that he was in his regular position. He was able to get the tip-off on most of his opponents but his floor work more than made up for this deficiency. This was his first year on the team.

Glenn Perry (Captain elect) guard was the most dependable player on the team. Nothing in his playing indicated a brilliant player, but he was in the game all the time, an essential for any team's success. Glenn played his best games at Pullman against the Edwall and Pullman High School teams. Second year on the team.

Joe Chandler, forward, was undoubtedly the fastest man in school at that position. He was a clever dodger and a fighter but did not weigh quite enough to hold his own when playing against a heavy guard. His playing ability, and good sportsmanship won for him the admiration of rooters, players, and opponents. First year on the team.

Walton Schroeder, guard, like Perry, was not a brilliant player but he was in the game all the time and it was that that gave him his position on the team. Because of his inexperience he did not play in a few games at first but he soon caught the new style of basketball and became one of the most dependable men on the team. First year on the team.

Neal Turnbow, forward and guard, is small in size but his speed and footwork make up for this. His work was best with Joe at forward, especially in passing. Inability to shoot baskets kept him from playing regularly. First year on the team.

Ivan Matthews, forward, also small in size was not quite as fast as Turnbow but was better at shooting baskets. Sickness during the early part of the season prevented him from doing his best in some of the games. First year on the team.

Dick Baxter, forward, and also small, played out of luck all the season. He had the speed, was clever at handling the ball and did some great passing but was unlucky in scoring goals; for this reason he played in but a few of the games. First year on the team.

H. Perry, Yenney, Pfeiffer, and Zeller played on the second team and will be out for practice next year.

TRACK POSSIBILITIES IN 1919

OUR ATHLETES HERE AND THERE

# Athletics

## TRACK 1918

Those representing old Wa-Hi at the Interscholastic track meet held at Pullman last year were Dick Baxter, Buff, Newman Clark, Fred Corkrum, Lloyd Evans, Hoffman, W. Kinche-  
loe, McNeerney, Paul Meyer, Byron Schmidt, Simpson, Turnbow, "Phiddy" Yenney, G. Hough-  
ton, R. Brunton.

These men were up against fellows from all parts of the state and we are proud of the records they made.

The men who won at the meet were:

PLACE	NAME	EVENT	RECORD
Second	McNeerney	50-yd. Dash	11 feet
First	Hoffman	Pole Vault	44 feet 3 inches
First	Yenney	Shot Put	
Second	Evans	100-yd. Dash	
Second	Hoffman	High Jump	149 feet 7 inches
First	Yenney	Javelin	4:46.4 minutes
First	Schmidt	Mile	
Third	Walla Walla Relay		

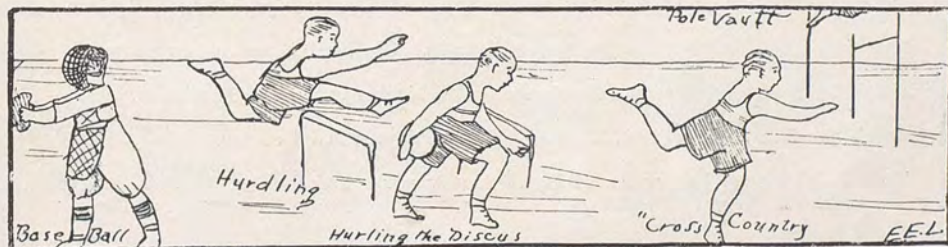

## TRACK 1919

On May 2, the interclass meet was held on Wa-Hi field. The following men were picked from the winners to represent us at Pullman on May 9, in the Interscholastic track meet: D. Baxter, Buff, Roe, J. Chandler, Turnbow, Schmidt.

The men scoring points for Walla Walla at the meet were Schmidt, J. Chandler, Baxter, and Turnbow.

Chandler won second in the high jump. It was rather a case of endurance than jump-  
ing. He and another man both jumped 5 ft. 7 in. Both missed at 5 ft. 8 in. The bar was  
lowered to 5 ft. 7 in. again. Joe failed to go over while his opponent cleared the bar. J.  
Chandler also won third in 120 yard high hurdles. Baxter won third in the hundred yard  
dash. Schmidt won third place in the half mile. Turnbow won third place in the 220  
yard low hurdles. Walla Walla won third place in the relay.

Walla Walla scored eight points, thus receiving fourth place in the meet. The track  
team has had more and better backing than in any other year. This is due to Coach Bohler.

## Interclass Activities

Jan. 6—The boys' first interclass basketball game came off at last. The Seniors played the Sophomores and were victorious, 31 to 27. The Juniors played the Freshmen next. The Freshmen were shocked beyond recovery at being beaten by Juniors, 55 to 4.

May 2—The boys' interclass track meet, and some track meet. The Seniors won first place, of course, Sophomores second, Juniors third, and Freshmen fourth. Woe to the Juniors.

May 5—Interclass ticket selling contest ended. The Seniors and Sophs tied for first place, the Juniors received second, and Freshmen last. My, how the classes worked. Altogether they turned in nine dollars and fifty cents.

May 6—The Sophomores try the Seniors at baseball. Oh, those victorious Sophs.

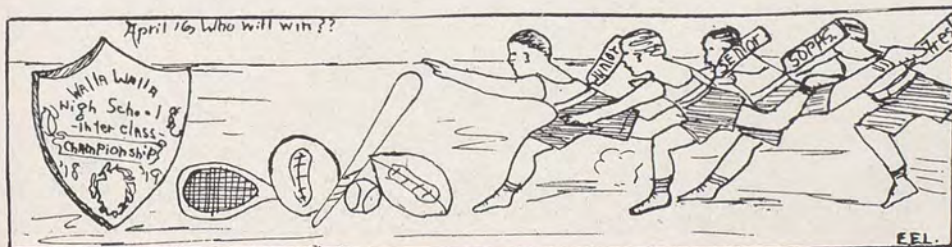

May 7—Interclass music contest comes off at last. It was certainly fine, because the Seniors and Juniors tied for first place. The Sophomores received second and Freshmen third.

May 8—The Juniors and Freshmen contest with the big end of the score for the Juniors as usual. Baseball of course.

May 13—The Juniors play the Sophomores and defeat them 5-2. Will wonders never cease?

## DEBATE

Walla Walla high school won a double victory in debate this year over North Central in Spokane, both the negative and the affirmative securing a unanimous decision. The question for discussion was: Resolved that the United States should adopt the proposed covenant of the League of Nations. Halbert Holmes and Gordon Onstad upheld the negative at Spokane; Melvin Rader and Virgil Thomas upheld the affirmative here.

## THE ALUMNI ASSOCIATION

At the close of school the Alumni Association will hold its annual banquet, an especially enjoyable occasion this year, for the great war is over and our boys of whom we are justly proud are coming home one by one. Are we not all proud of being Alumni of Walla Walla High School? Let us, then, get together in June for a renewal of old times and not wait years until we are strangers to each other. The Alumni Association is proud of Walla Walla High School because the old school is one of the best in the world. We are proud of what the students are doing and find great pleasure in attending events at the old school. How we enjoy the football games and basketball games! And how glad we are whenever we are able to help the school for the place is still dear to every graduate.

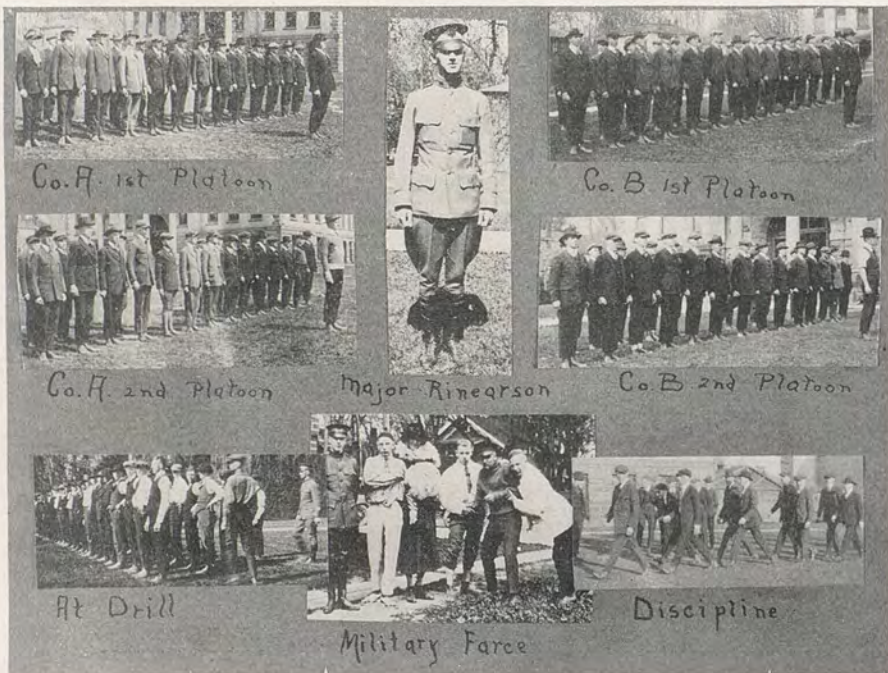

Now a word to you who will receive your diplomas in June. The Alumni Association needs you as new members and asks you to join our members. We need you and you need us and we can work together for the advancement of our Alma Mater. Let us make the Alumni Association one on which the school can rely in time of need. All hail to our Association and to the new members of our family, the class of 1919!

THE JUNIOR R. O. T. C.

MERRILL HOBBS

Now that Walla Walla High School has secured the R. O. T. C., the school grounds are the scene of military drill twice a day, under the instruction of Major Rinearson.

The R. O. T. C. has for its purpose the teaching of the fundamental military tactics. It also helps to build up the boys physically and gives them a military bearing.

The boys who go to college and have had military training in High School will have a better chance to become officers in the college R. O. T. C. than those who have never had military training before. As the government has set aside certain cantonments for the summer training camps of the R. O. T. C., it also means a chance to go there and possibly to be attached to the regular army.

As the R. O. T. C. reaches nearly every boy in the school the physical standing of the school is improved. One period a day of calisthenics and marching, insufficient as it may seem, is, nevertheless, a great help.

In case of another war the government, instead of having to rely wholly upon West Point, will be able to draw on the R. O. T. C. for army officers. At the outbreak of the war the number of army officers was surprisingly few and the United States felt the need of such an organization as the R. O. T. C.

While the R. O. T. C. does not make an officer out of every member it establishes a reserve of officer material that is bound to have a number of men able to qualify as officers.

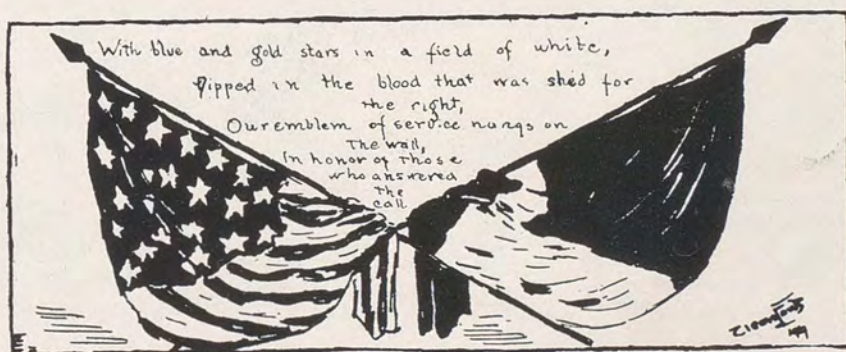

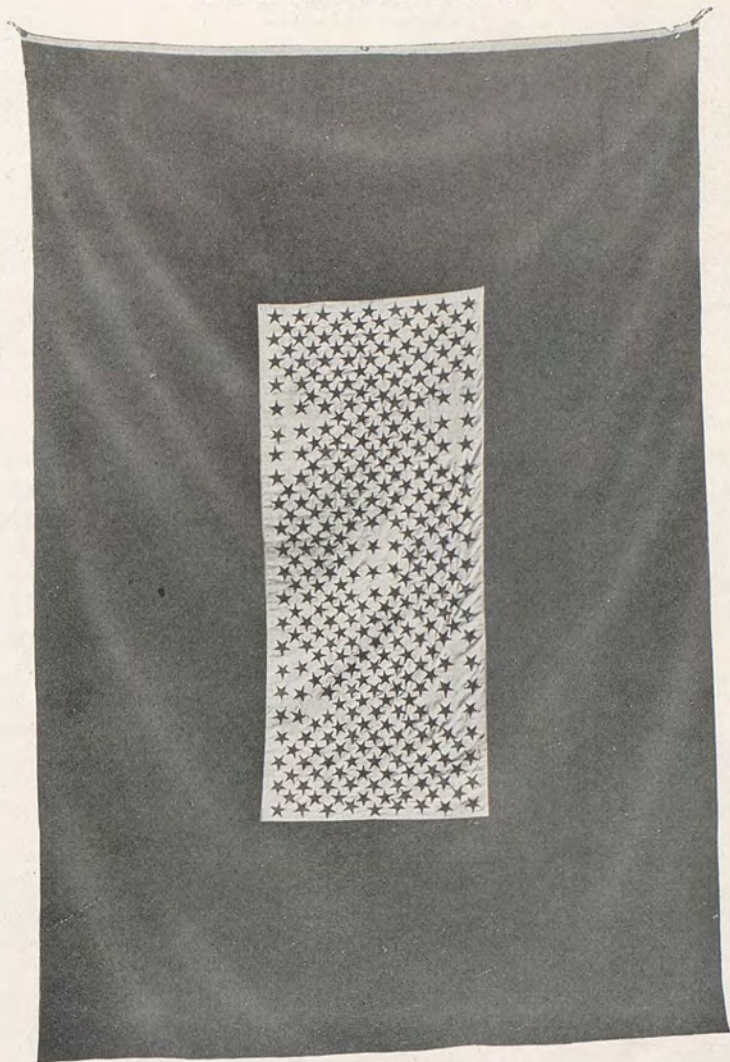

Walla Walla High School is the first high school in the Northwest to secure the R. O. T. C. and as pioneers in this organization we must make it a success.

The government gives each member full military equipment and although ours has not yet arrived it is expected almost any day. Even without the equipment the boys look very well as they are drilling. Much enthusiasm has been shown by the boys for the R. O. T. C. and they are going into it with a will.

Even though the boys are doing exceptionally good work this year, let us hope to see a bigger and better organization next year.

Mr. H. W. JONES, Principal

## AN APPRECIATION

It is understood that every high school has a principal to arrange its general affairs. However, here in old Wa-Hi our principal is more than a mere executive; he is an organizer, an enthusiast, and a man with a vision. Above all he believes in boys and girls and is always our friend.

It would be impossible to enumerate the many things for which we are indebted to Mr. Jones, but here are a few changes brought about since he came here five years ago. We have one of the largest and best equipped schools in the Northwest, with an auditorium seating over one thousand. Larger schools may well envy our Lyceum Courses. Our interclass events have had a broadening effect on the pupils and more individuals have had the opportunity of participating in the activities of the school. We have interscholastic relations with the high schools of the entire Northwest not only in athletic contests but also in literary competitions. The Seniors now have a better idea of what work they are best fitted for because they have had the benefit of our Vocational Guidance Course. Student Government, although introduced several years ago, has been made a success under the wise supervision of Mr. Jones. Our standard of scholarship has not been neglected; on the contrary it has been raised owing to the keen rivalry for the scholarship medals. All these improvements and more are due to the man to whom we now wish to do honor—

OUR MR. JONES.

## THE FIRST EPISTLE OF GUCK

Chapter One—Being on account of Bill and the epistle of the beauteous and comely twins.

I. There was once a youth named Bill, who was full comely and righteous in the sight of his Lord. And it was well.

II. And it came to pass, that he met a certain maid, who came up from the land of promise.

III. And Bill fell.

IV. Now it happened that this maid, Wonda, who was full fair, and comely to look upon had a twin sister also exceedingly fair and jazzy to gaze upon, named Milda.

V. Now it has been written by the prophet, that no twin shall fuss unless the other does likewise.

VI. And it came to pass that Bill had a friend named Will, and Bill led Will as a lamb to the lammery, and caused him to cast his lot with him as a twin chaser.

VII. And Will gazed upon the beauteous Milda.

VIII. And he fell likewise.

IX. And it was good.

X. But the youth, Bill, was exceedingly proud and sayeth to Will:

XI. "My maid is fairer than thine and I am in better than thee."

XII. For a long time Will held his peace, but finally, he waxed exceedingly wrath at this oft-repeated falsehood, and he sayeth in anger:

XIII. "Verily, verily, I say unto thee, I bet thee a milkshake, that I am in for at least a little while after thou art out."

XIV. And after a score and three days, Bill got too fresh and fell from his glory.

XV. And his woman handed him the mitten.

XVI. And the youth, Will, waxed joyful in anticipation of the coming milkshake.

XVII. And it was good.

XVIII. And the fair-minded youth, Will, seeing that he could not help Bill any longer,

XIX. Did unto Milda as Wonda had done unto Bill.

XX. That is to say, he quit her.

XXI. And he went his way rejoicing and wondering at the goodness of the Almighty.

XXII. For he had been saved from the clutches of love unscathed,

XXIII. While the unlucky Bill covered himself with sackcloth.

XXIV. And he sprinkled his hair with ashes and loud were his lamentations.

XXV. And so I say with the prophet, "How mighty is Guck in his omnipotent power."

XXVI. Praise Guck!

XXVII. Hallelujah!!

—JOBERNICUS GUCK.

## DIARY

(Found in Front of Walter Mueller's Locker).

Sunday was a wonderful day for me. I was gathering wild flowers and beside me, her fingers entwining mine roamed Hope.

The next night, Monday, I spent peacefully sitting in the porch swing with Claire.

Tuesday, Oh! nights of nights, Lucile and I gazed at the wonders of a movie.

Alas, Wednesday was sad. It was then that all diplomatic relations were broken between Barbara and I.

As I think of Thursday, thrills chase up and down my spine, Eleanor called me over the phone and we talked until central threatened to disconnect us. Cruel Fate.

Friday, joyfully spent in a flivver with Dorothy seated beside me, was an inspiration.

It was unbearable Saturday for my liberty was taken away by father. Oh Death, where is thy sting?

DESOLATION.

 Treasure-Lost .....Lord McInroe  
 Secretary .....A La Scipio Eiler

Sec. Report. At 9:15 on Monday morning the United Brethern and Sistern of the Wobbly Club met in front of Wai Hai and proceeded to keep those within from studying. As none of the faculty were in sight, the following rules were read to those who wished to become members:

- (a) Each member of this club shall endeavor to be the wobbliest wobbly that ever wobbled.
- (b) No member of the club may go to school more than four periods a day.
- (c) Each member must take one day in five in which he does not go to school at all.
- (d) No member will be allowed to have his lessons prepared more than one day a week.
- (e) All members must swear to keep all students in school from having their lessons, if possible.
- (f) If there is a good show downtown all members must leave school and attend it.
- (g) Dues will be 13c a semester, payable on the installment plan, 1c a week.

After they had sworn to support and enforce this constitution the following wobbles became enrolled in the wobbly club: Mr. Samantha Farmerette, Dr. Melting Nelms, Stewed Rats Whitehouse, Fredericka Corkrum, Lenearo Brown, Teorgia Galbot, La Gene Eu Rouz, Lion Logano, "Ignies" Page.

After the necessary imposing ceremony had been performed they marched away to the Midway to celebrate by a treat of ice cream sodas (5c). As they marched they sang their adopted song.

(Tune—Little Sunbeams)  
 "I am a little wobbly,  
 And loiter in the hall;  
 My teachers call me squabbly,  
 I hate them one and all."

## LOOKING BACKWARD

More than a dozen years ago you first heard of us. Because of the fact that you were small, you scarcely realized that the silver cup, the knife, fork and spoon came from Falkenberg's. A few years went by and without stopping to think why, your first purchases were made from the shop of quality. The first ring you wore, the first pendant, cuff links and tie pin each had the K. F. stamp.

## LOOKING BACKWARD

We view with true appreciation the visits you have made.

A subject of much discussion—How Bill Berreman gets his excuses so easily.

Conversation between two Seniors: One—"Why is the janitor fixing the floor at the foot of the stairs?"

The Other—"Oh, a freshie fell down stairs."

Former—"Poor child, did it hurt him?"

Latter—"Not a bit, he lit on his head."

#### I DON'T.

My parents told me not to smoke,

I don't.

Or listen to a naughty joke,

I don't.

They make it plain

I must not wink

At pretty girls or even think

About intoxicating drink;

I don't.

To dance or flirt is very wrong;

I don't.

Wild youths chase women, wine and song;

I don't.

I kiss no girls, not even one;

I do not know how it is done;

You wouldn't think I have much fun;

I don't.

(Our Editor, Ralph Augustavo, handed this to the joke department).

# The Edison Tone Test is a *Proof* not an Argument

**I**T'S positive proof of our claim that Thomas A. Edison has perfected an instrument which Re-Creates the human voice with such fidelity that no one can distinguish between the singer and instrument.

Yes, it sounds incredible. But before audiences totaling more than 2,000,000 people, great artists—Metropolitan stars—have sung in direct comparison with the New Edison and defied the audience to detect any difference. With the lights lowered to hide the singer's lips, not one listener has been able to say when the artist ceased and the instrument continued alone.

Call at our store and satisfy yourself regarding

## *The* NEW EDISON

*"The Phonograph with a Soul"*

**WARNING:** Edison Re-Creations should not be played and cannot be played properly on any other instrument. If they could be, the manufacturers who seek to profit by Mr. Edison's research work would be able to make tone test comparisons, such as Edison has made with the New Edison before two million music lovers.
